

Management System Policy

The **Simplyeast Management System Policy** represents the commitment of the company's Management to the implemented **Feed Safety Management System** and is based on the following principles:

- Ensure the feed safety of the products for animal nutrition that the company markets;
- Ensure compliance with GMP+ standards, as well as all applicable legal, statutory, regulatory, and customer requirements regarding feed safety;
- Ensure effective internal and external communication throughout the feed chain;
- Guarantee customer satisfaction;
- Promote the continuous development of employees, providing them with the necessary training, resources, and responsibilities to perform their roles according to the defined performance standards;
- Foster a food safety culture based on responsibility, transparency, and continuous improvement, ensuring that all employees understand and apply the principles of GMP+;
- Continuously improve the implemented Management System.
